

# CTU Organizing Meetings for Members, Parents, Students & Community

CPS schools closed or "turned around" in the last 15 years.

The Mayor and Board of Education held their community hearings, yet are going ahead with plans to close up to 80 schools in Black and Latino neighborhoods! These closings will destabilize our neighborhoods and increase racial inequity. And as they close our schools, they open new charter schools run by their politically connected friends. Are we going to let this happen? Join union members, parents and community to strategize on how we will fight for equity in education for every Chicago child. Support Our Schools! Don't Close Them!
